

Environmental Studies & Policy Collection

An InfoTrac® collection

A COMPREHENSIVE ONLINE RESOURCE ADDRESSING GROWING ENVIRONMENTAL CONCERNS

Now you can provide environmentalists, policy makers, corporate researchers, educators, students, geologists, engineers and more with a comprehensive, easy-to-access, online resource that answers all their environmentally-related inquires. Questions like:

- ✓ Could the Amazon be lost within a few decades?
- ✓ How will urban trees be affected by a city's roadwork activities?
- ✓ Does greener mean healthier?
- ✓ What are the current EPA standards for airborne lead?
- ✓ Has the spotted owl population increased in recent years?
- ✓ Do plans for natural gas resource development fall in line with the state's environmental laws and regulations?

Powered by *InfoTrac*, *Environmental Studies & Policy Collection* brings together full-text information found in more than 700 journals and reference content from Delmar, part of Cengage Learning.

↑ The homepage features a clean and intuitive interface, allowing users to quickly locate information in the collection.

An *InfoTrac* collection takes the guesswork out of searching. You select the content best suited to your users' needs. They can then quickly identify and retrieve results while enjoying a variety of options:

- Choose from Basic, Subject Guide, Publication or Advanced Search
- Search within results to target specific content
- Support a multilingual community by translating documents on-demand
- Create Search Alerts with RSS Export
- Manage documents in the collection by e-mailing, bookmarking or printing them
- Support the needs of remote researchers by providing 24/7 access

To sign up for a free trial of this InfoTrac® resource go to www.gale.com/periodicalsolutions

This collection contains more than 3.3 million articles, addressing such issues as global warming, climate change, alternative energy, environmental policy, going green, recycling, soil, plants, agronomy and much more.
